OFFICE MEMORANDUM

Subject: Revised procedure for flow of funds under Centrally Sponsored Schemes – updates in PFMS – reg.

The undersigned is directed to refer to this Department's OM No 1(13)/PFMS/FCD/2020 dated 23rd March, 2021 regarding the revised procedure for flow of funds under Centrally Sponsored Schemes. References from various Departments/Ministries have been received in this Department regarding the issues arising due to validation check in PFMS, incorrect data in PFMS reports etc. in implementing the revised procedure.

2. In this regard it is informed that following updates have been introduced in PFMS to address the various issues raised by Departments/Ministries and the State Governments –

- i. Departments/Ministries are facing the issue of validation check due to a mismatch between the 'minor head' used by Ministries/Departments in releasing funds to the State treasury and the 'minor head' used by the States to transfer funds from treasury to the SNA account. To address the issue, a utility has been developed in PFMS to map the State's heads of account with the Central heads of account, thereby avoiding invoking of minor head related validation check. Departments/Ministries are requested to take up the matter with States to fill in the requisite mapping information in the utility. It is requested to complete this exercise by 15th October, 2022.
- ii. In few CSS, Departments/Ministries have adopted different Central-State sharing ratios across components. As the SNA reports capture data SLS wise, the 'State share' data in the reports reflect the average of State share of all components in that SLS. This anomaly has also resulted in invocation of validation check while release of funds under some components. To address this issue the sanction module has been revised to mandatorily capture SLS wise breakup of all CSS sanctions. Departments/Ministries are requested to take up the matter with the States to have component wise State linked schemes, SNAs and heads of accounts. Alternatively, the Department may standardize the fund sharing ratio for all components of a scheme.
- iii. To modify the incorrect sharing ratio, if any, a facility to edit Centre-State share ratio of SLS has been provided in PFMS. The State Scheme Manager can now make necessary corrections in the Centre-State Share ratio and forward the same to Program Division of the concerned Ministry/Department for approval.

3. It is requested that the above functionalities may be utilized to ensure correct flow of information to PFMS and eliminate constraints, if any, in the release of funds. Request for

training sessions, if required, for these functionalities may be sent to PFMS division, O/o CGA.

4. This issue with the approval of the Competent Authority.
